

### DESIGN

At the centre of our business is a team of industry-leading designers. Our qb-design team can create your vision for your project. We collaborate with architects and office designers to create and manufacture office and retail environments that push the boundaries of both private and collaborative working space. All our products, both standard and bespoke, are made to order, which minimises waste and ensures a perfect fit-for-purpose result.

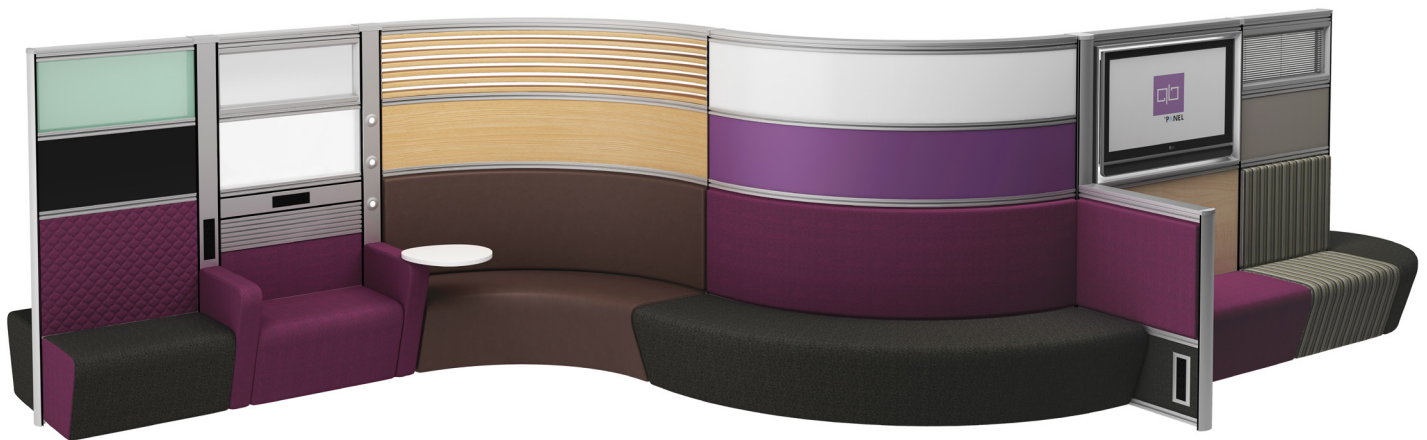

**Be a circular QBIST.** *Don't just think in terms of straight lines.*  
**QBIST's think differently.** *It's not just a product, it's a revolution.*  
**A circular QBIST is radical.** *An innovation for agile workspaces.*

### CONSULTANCY

Our reputation for producing the highest quality products available, dictates that there is no such thing as cutting corners in either our attention to detail or our manufacturing excellence. Product is usually delivered to you in just 4 weeks, no-one can beat that.

For more information on our design offering, or to speak to us about a specific project, call +44 (0) 113 387 0139

### INSTALLATION

Along with our industry-leading design service we also have an experienced and award winning installation service. We pride ourselves in the fact that every product that leaves our factory is 100% guaranteed to arrive and will be:

### INSTALLED ON TIME, ON BUDGET, ZERO DEFECTS.

Our experienced installation team can project manage the build themselves and can even liaise with main contractors to take the pressure off the building manager if needs be. Leave it to the professionals for guaranteed peace of mind.

For more information on our installation team, or to speak to us about a specific project, call +44 (0) 113 387 0139.
